

CHAPERONED AWAY COMPETITIONS

TRAVELLING INDEPENDENTLY

As a parent travelling independently with your diver (ie not with the club), you are responsible for your own child throughout the competition except when they are on poolside for training or during their competition where the coaches will look after the divers' welfare.

You will be responsible for ensuring your diver is on poolside with the coaches at the allocated time. The coaches / chaperones will advise the time in advance.

You should encourage your diver to sit with their team at the pool / spectator area to support them during the competition.

If staying overnight, where possible, or practicable, you should endeavour to stay at a different hotel than those travelling with the chaperoned team.

You cannot attend team meals or enter other divers' rooms due to the safeguarding of all divers and chaperone ratios.
